The penal colony of the State of Pernambuco, Brazil, is on an island 300 miles off the coast. There are 600 convicts at present. They arise at 6 A. M. and work till 2 P. M. for the State, cultivating cotton of a superior quality. After 2 o'clock they work for themselves. The island is one of the most orderly and productive bits of soil in Brazil. It is a model convict colony, and the cheapest run of any in the world.

The group of islands to which the penal one belongs is where the equatorial and south equatorial currents divide, and it is surrounded by a triangular sheet of quiet sea full of all kinds of fish, valuable commercially. As convict labor may be had at ten cents a day, there is opportunity for fine fishing concessions there. It is regarded as a first-class location for a coaling station. The islands also have valuable phosphate deposits.—Chicago Tribune.

Stop that tickling Cough! Dr. Shoop's Cough Cure will surely stop it, and with perfect safety. It is so thoroughly harmless, that Dr. Shoop tells mothers to use nothing else even with very young babies. The whole-some green leaves and stems of a lung healing mountainous shrub furnish the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Demand Dr. Shoop's. Take no other. Penny's Drug Store.

In the days of old,
When knights were bold,
Their weapons seldom rusted;
When they got through
A small set-to
Two suits of mail were busted.
In days of new
A small set-to
Brings little harm to fighters;
When up they wind
We merely find
A pair of wrecked typewriters.

A weak Stomach, means weak Stomach nerves, always. And this is also true of the Heart and Kidneys. It's a pity that sick ones continue to drug the Stomach or stimulate the Heart and Kidneys. The weak nerves, not the organs themselves, need this help. This explains why Dr. Shoop's Restorative has, and is promptly helping so many sick ones. It goes direct to the cause of these diseases. Test this vital truth, and see. Penny's Drug Store.

Democratic Ticket.

For United States Senator,
J. C. W. BECKHAM.

THE COURIER-JOURNAL AND THE TIMES.

The charge being made by the Courier-Journal and the Times that Gov. Beckham is trying to control the coming State convention and name the State committee for the next four years, is the old cry of "stop thief" being worked by these two republican papers again. If the democrats of the State allow these two professional bolting sheets to fool them by this hypocritical cry, then they deserve to be fooled. If these two papers, backed by the whisky trust and beer trust, can succeed in fooling the democracy by this cry, then we shall see a State convention completely dominated by these influences. Such a convention would doubtless send as the "Big Four" to the National Convention Chris Mueller, McNutt, Charlton and Wheeler Campbell. It would probably adopt as the party emblem, not "A Game Cock in the act of Crowing," but "A Beer Keg in the act of Flowing."

It ought not to be necessary to warn the country [democracy] against the schemes of these papers. They led a "reform" movement against "machine politics" in 1895, and the result was four years of Bradleyism with Gatling guns, militia at the polls, Negroes in office and everything else that follows, always, an attempt of the republican party to govern any Southern State. The next year they led a bolt against Blackburn, the caucus nominee for U. S. Senator, and the result was the election of the sleeping Deboe to represent this great State in the most august deliberative body in the world. We mention these two specific instances to show that when these influences have attempted to control the party it has resulted, not in the reform of the democratic party, but in the success of the republican party. Prior to 1895 these two papers had been consistent in their support of democratic principles, and they had, for this reason, a large following throughout the State, which enabled them to lead astray with them enough democratic votes to defeat Hardin, and enough democratic members of the General Assembly to defeat Blackburn. Those who followed them astray at that time had some sort of excuse; they could claim that they were following democratic papers, but the democrat now who follows their lead, with this history before him, and these papers again attempting the same trick, can hide behind no excuse; he does so with the full knowledge that he is playing directly into the hands of the republicans. "If a fellow fools me once, it is his fault; if he fools me again, it is my fault." We do not believe the Courier-Journal's declaration some months since that it was for Mr. Bryan deceived a single democrat in the State. It was done for the purpose of trying to regain its lost prestige that it might make its bolt of Beckham more effective. It is a republican paper, and will either support the republican ticket openly, or, pretending to be for the democratic ticket, "damn it with faint praise." It will take the one of these two positions which it believes will enable it to do the democratic party the greatest injury. For our part we hope it will openly support the republican ticket; it can do us less harm by this course. It has done the democratic party more injury in the last dozen years than every other influence combined. It has taken the side of the trusts against the people in every fight. Its latest, and apparently its most congenial allies, are the Whisky Trust and the Beer Trust, and with shameless effrontery they have made common cause against the democratic party and its nominees. We anxiously await the time when its masters shall order them to fly the republican banner at its mast head, that the democratic party may be rid of its damnable influence once and forever. It boasts that it has 40,000 democratic followers in the State. Why it does not claim the other 200,000 as well, we are unable to say. We do not believe there are 40,000 democrats in the State who place the interests of the Whisky Trust above the interest of the great party of the common people; but if it is true that we have that number who are willing to betray the party under the orders of this trust, then in God's name let us have done with them also; let them follow the Courier-Jour-

nal into the republican party. "He who is not for us is against us," and we prefer that they fight us in the open. If the house-cleaning leaves us the minority party, for the time being, in the State, we at least have the consolation of knowing it is a clean minority and rid of the incubus, with our enemies all in front of us and no traitors in the camp, we shall go before the people of the State and call upon them to rally to the party of the people and enlist under a banner that bears neither the name of the Courier-Journal nor the Whisky Trust.

A gigantic sham battle is raging in the Republican party of the country to decide whether the Trust wing or the alleged Anti-Trust wing of the party shall name the candidate for the Presidency. Mr. Roosevelt fired off his "horse-pistol" in his recent message to Congress, giving the Trusts of the country such a fright(?) as they have not had for years, and not a word in the whole bombastic document about reducing the tariff, and thus cutting at the very root of the whole trust question. This sham fight will not deceive the Democracy of the country; they know that no matter which side wins it will be a "dog fall," and that the old "fat-frying" process will be again called into play in the campaign. The people know that if the hold of the Trusts upon the Government is to be broken it must be by the triumph of the Democratic party in the Nation. The loss of Kentucky this fall might mean the loss of the Presidency, therefore it is of the greatest importance that our State Convention this year should reflect the sentiments of the people, and not the wishes of the Whisky Trust and its newspaper allies. Every one knows that Mr. Bryan will be the Democratic nominee for the Presidency, every one knows that if the people control our State Convention its delegates will be instructed for him, and a party organization will be made that will make it easy to carry the State for him in November.

If it is not the purpose of this discussion to argue that Gov. Beckham should control the State Convention, but rather is it our purpose to insist that the Democracy of the State see to it that the Whisky Trust and its subsidized newspapers shall not only not control the Convention, but that they shall have no part in it. If the Democracy of each county will send as delegates to the State Convention tried and true Democrats, good men, men who are as jealous of their honor in politics as they are in business; men who believe that the minority should bow to the will of the majority, then we shall have, not a Beckham Convention, nor an anti-Beckham Convention, but a Democratic Convention, which will place the welfare of the party above every other consideration. In such a convention Governor Beckham would have nothing to fear. Can the Courier Journal and the Whisky Trust say as much? We call upon the Democratic press of the State and the great body of Democracy which has always been true to itself, to see that such men are sent as delegates, and that such a State Convention is held. Let the fight begin now.

The most complete demonstration of political inconsistency, and the most abject surrender of editorial dignity to personal pique is exemplified, from day to day by the Courier-Journal in its opposition to Gov. Beckham in his pending contest for the Senatorship. But a few months ago, when the rottenness of the machine, which held Louisville in its grasp, was being exposed and opposed by loyal citizens and true patriots of both political parties, the Courier-Journal came to the rescue of the political barnacles that had fastened themselves upon the party in that city, declaring that right or wrong the machine was the democratic party and appealed to the democrats to stand by them. Could it be possible that the financial interest of the paper was subserved by such loyalty as that which the Journal plead? When Gov. Beckham, the nominee of the party, who unhorsed this corrupt city ring, asks the democratic members of the Legislature for that suffrage which they each pledged themselves to the democracy of the State to render him, the Courier-Journal throws itself in the way and, by distorted news items and editorial expressions not warranted by the facts, does all its fast waning power can do to nullify the expressed will of a democratic State primary and defeat its properly accredited nominee. Has Mr. Watterson or has Mr. Halde-man a personal grievance? Has the governor been in the way of the political aspirations of either of them? Such opposition from such a source is but the vengeful blow of personal disappointment of men who strike below the belt and who bellow when they meet defeat.

REPRESENTATIVE LILLARD has introduced a bill in the Lower House at Frankfort changing the name of School for the Deaf to Kentucky School for the Deaf, says a dispatch. Now let him offer a bill changing his own name to J. Iscariot and we will forgive him for the sin of bolting.

SOAP has been in use for 3,000 years, and still a great many people seemingly don't know what it was made for.

THE killing of Judge James Hargis by his son, Beech Hargis, at Jackson, is deplored by all right-thinking people. It matters not whether the father was a good citizen or a bad one, it is not fitting that he should be taken away by his own flesh and blood. The burial of Judge Hargis occurred at Jackson Saturday in the presence of an immense throng, estimated at 1,500 to 2,000 people. He was laid away in a coffin he selected in Louisville a month ago and which is said to have cost \$1,500. The examining trial of Young Hargis was to have been called yesterday and it is probable that he waived it. It is said that Mrs. Hargis will assist in trying to get her son out of trouble but that other relatives of the dead man will use their means and efforts in prosecuting him. Hargis took morphine with a suicidal intent after he killed his father but unfortunately doctors arrived in time to save him.

OHIO is about to become a local option State also. The Rose bill passed the Senate 24 to 13, and it is said that the House stands ready to do its part in making it a law. In the Legislature of the Buckeye State the Republicans are taking the lead in temperance legislation.

ACCORDING to the Courier-Journal and other republican papers, the supporters of Gov. Bradley are claiming that he will certainly be elected United States Senator and that the election may occur this week. No reasons for the claim of belief are given.

MATRIMONIAL.

In Wolfe county Tim Gibbs and Miss Belle Brewer, aged 15, were joined heart and hand.

Mr. and Mrs. A. B. Brown, Sr., celebrated the 53rd anniversary of their marriage, says the Lancaster Record. James H. Slick, of Wray, Col., a widower of 56, and Miss Mattie Katherine Newell, were married at Mr. I. G. Jones' Saturday.

The week just gone, closed with beautiful weather and quite a round of gaieties, also several items of news, one of the most interesting of the engagement of Miss Emma McGehee Owsley to Mr. Richard Bush, which was announced Saturday. The bride-elect is the daughter of Mr. John S. Owsley, lately come to Lexington from Stanford to make his home, and the sister of Mrs. W. P. Walton. She is a handsome young woman with dignity and charm of manner. Mr. Bush is a successful young attorney held in highest esteem in his profession and much liked in society. He is the partner of Mr. Richard C. Stoll in the well-known firm of Stoll & Bush—Lexington Leader. The many friends here of Miss Owsley and Mr. Bush send hearty greetings and good wishes in advance of the happy event, which we are informed will take place early in April. Mr. Bush is certainly to be congratulated on winning the heart and hand of so charming a young woman as we know Miss Owsley to be.

Rheumatism

I have found a tried and tested cure for Rheumatism. Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and paucity of this deplorable disease. In Germany—a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, I uniformly cure all curable cases of this heretofore much dreaded disease. These seed-like granular wastes, found in Rheumatic blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

NIP AND TUCK.—It is a curious compound of schemes, pathos, brilliant wit and heartless villainy. Running through the piece is a quaint vein of drollery which keeps the audience in the best of humor. "Nip and Tuck" are partners in a detective firm, who are too clever by half over-reaching each other times out of number. Deep calculation with most ingenious disguise of voice and dress and marvelous astuteness are their stock in trade, which they use to good advantage. They are the main-springs 'round which the balance of the cast work, and the astounding complications in which they are entangled afford great amusement. Everyone who enjoys a piece in which the element of sensation is presented in the most refined manner, and richly colored humor bubbles up constantly, should see "Nip and Tuck," when the attraction plays at Walton's Opera House next Thursday night, Feb. 13.

A MOST enjoyable and interesting entertainment was the musicale at Alcorn's Opera House, Hustonville, Friday evening, given by the ladies of the Christian church of that little city. The program of 15 numbers was splendidly carried out and each effort was liberally applauded. A piano duet by Misses Angie Carpenter and Melle Hopper was greatly enjoyed as was Miss Katherine Hall's vocal solo. Miss Kate Warriner and Mr. Howard Camnitz most creditably gave a vocal duet, Miss Ella Barnette charmingly rendered a piano selection and the Hustonville sextette beautifully sang "Way Down in Colon Town." In this Mr. Howard Camnitz was soloist and Misses Blanche Barnette, Mary Stagg and Roberta Blain were tambourine girls. Miss Lucy Lee Walton sang "Wont You be My Teddy Bear," which was followed by King Carpenter in a whistling solo that was so good that he appeared the second time. Miss Mayme Marks, of Danville, who has a remarkably sweet voice, sang "Good Bye Sweet Day." On an encore she gave another number very acceptably. Mr. L. C. Terrell, of Bourbon county, sang "Love Me and the World is Mine," and was assisted in the chorus by the Hustonville quartette. The vocal duet of Miss Katherine Hall and Mr. A. B. C. Dinwiddie was very cute and good. J. Beecher Adams' number was a vocal solo and he was vociferously applauded. The next was a piano solo and Miss Kate Warriner rendered it as only trained musicians can. Prof. J. W. Ireland, of Stanford, gave two vocal selections which so greatly pleased the audience that he was compelled to give another. The very pleasing program ended with the popular song, "Dear Old Girl," by the Hustonville quartette, composed of Messrs. A. B. C. Dinwiddie, Howard Camnitz, Jerry Adams and V. B. Morse, Jr. A goodly sum was realized and it will go toward paying for improvements on the interior of the Christian church. The young ladies who had in charge the entertainment are entitled to unstinted praise for their work and for giving the people of their town such an enjoyable evening.

JOHN H. WREN received from the Knights of the Maccabees a check for \$1,000, the amount of insurance carried by his son, James B. Wren. This claim was paid in one week from date of mailing proof. A. C. Sine, D. S. C., tells us that this makes \$26,000 that the Maccabees have paid here and no claim has been more than 10 days in settlement. The Maccabees are not only the most prompt in settling their claims but it is the strongest financially of any of the fraternal insurance orders. Their surplus fund now amounts to over \$7,000,000.

Neglected Colds Threaten Life.

(From the Chicago Tribune.)

"Don't trifle with a cold," is good advice for prudent men and women. It may be vital in the case of a child. Proper food, good ventilation and warm, dry clothing are the proper safeguards against colds. If they are maintained through the changeable weather, of autumn, winter and spring the chances of a surprise from ordinary colds will be slight. But the ordinary light cold will become severe if neglected, and a well established ripe cold is to the germs of diphtheria what honey is to the bee. The greatest menace to child life at this season of the year is a neglected cold. Whether it is a child or adult, the cold, slight or severe, the very best treatment that can be adopted is to give Chamberlain's Cough Remedy. It is safe and sure. The great popularity and immense sale of this preparation has been attained by its remarkable cures of this. A cold never results in pneumonia when it is given. For sale by all druggists.

CHURCH MATTERS.

Rev. R. W. Mahan, a prominent Baptist preacher of McCracken county, is dead.

"The life of Abraham" will be the subject for discussion at the Christian church prayer meeting Wednesday night.

The teachers' meeting of the Methodist church will meet hereafter on Thursday night at the church in connection with the prayer meeting.

Rev. Calvin N. Caldwell, a missionary from China, will lecture at the Presbyterian church next Friday evening at 7 o'clock. A cordial invitation is extended to every one to be present, especially the members of the missionary societies of the town. The Pastor.

FLATWOOD.

Grippe is sweeping the country. Stop it with Preventics, before it gets deeply seated. To check early colds with these little Candy Cold Cure Tablets is surely sensible and safe. Preventics contain no Quinine, no laxative, nothing harsh or sickening. Pneumonia would never appear if early colds were promptly broken. Also good for feverish children. Large box, 48 tablets, 25 cents. Vest pocket boxes 5 cents. Sold by Penny's Drug Store.

Elbin Newby, a lumberman, shot and killed his wife and then committed suicide at Valley View. Mrs. Newby had been up all night with a sick child and Newby is supposed to have killed her because breakfast was not ready when he came home.

Suffering and Dollars Saved.

E. S. Loper, of Marilla, N. Y. says: "I am a carpenter and have had many severe cuts healed by Bucklen's Arnica Salve. It has saved me suffering and dollars. It is by far the best healing salve I have ever found." Heals burns, sores, ulcers, fever sores, eczema and piles. 25c at Penny's Drug Store.

Chronic Constipation Cured.

One who suffers from chronic constipation is in danger of many serious ailments. Orino Laxative Fruit Syrup cures chronic constipation as it aids digestion and stimulates the liver and bowels, restoring the natural action of the organs. Commence taking it to-day and you will feel better at once. Orino Laxative Fruit Syrup does not nauseate or gripe and is very pleasant to take. Refuse substitutes. Penny's Drug Store.

Keeping Open House.

Everybody is welcome when we feel good, and we feel that way only when our digestive organs are working properly. Dr. King's New Life Pills regulate the action of stomach, liver and bowels so perfectly one can't help feeling good when he uses these pills. 25c at Penny's Drug Store.

Six hundred and \$38 per mile could be saved, it is said, if the railroads of the United States could replace steam with electricity. This would mean a total saving of \$138,500,000 per annum.
